## A Celebration of Incarnation

Christmas is the celebration of the Incarnation, the moment when God became human in the person of Jesus Christ. The festive season reminds us that “God so loved the world that He gave His only Son so that everyone who believes in Him may not perish but may have eternal life” (Jn 3:16). By the account of the lowly birth in Bethlehem, through the help of our heavenly Mother Mary, the Virgin who brought the Savior into this world, God Himself chose to enter the world in simplicity and humility rather than grandeur and splendor. As a result, God became one of us. As St. Athanasius states, “He became like us so that we become like Him,” or “Be perfect, as your heavenly Father is perfect” (Mt. 5:48). God, the Immanuel (God with us), is a mystery in and of Himself.

Pope Francis announced this year “The Jubilee Year of Pilgrims of Hope.” In this context, we are reminded that the Christian journey is a pilgrimage, a path that leads us closer to God. The birth of Christ in a humble manger marks the beginning of this journey, one that invites us to follow the path of hope, compassion, and reconciliation. Just as pilgrims travel toward a holy place, Christmas calls us to travel toward the heart of Christ, seeking to bring His light and love into the world.

Christmas, is also a time to heal broken relationships and seek peace, not only with God but with our neighbours. As pilgrims, we are called to renew our commitment to love and forgive, to imitate the mercy and compassion that Jesus demonstrated in His life. Christ's birth encourages us to repair divisions and build bridges of peace and understanding, it also reminds us of God's call to social justice and solidarity with the poor and marginalized. Just as the Holy Family found refuge in a humble stable, the message of Christmas speaks powerfully to those who are suffering and in need. The Jubilee Year of Pilgrims of Hope invites us to open our hearts and hands to those in need, especially the poor, the sick, the refugees, and those on the margins of society. This Christmas in the Jubilee Year becomes not just one of personal renewal, but a collective call to transform the world through acts of mercy and justice.

It is a reminder that, as pilgrims, we are not alone on our journey, we walk together in faith, guided by the light of Christ, toward the ultimate fulfilment of God's plan. May we take a moment during our joyous festivities to reflect on the great love that made God become one of us and the amazing mystery of the Incarnation.

## *Transcendence* *Rise Above and Beyond*

*From the depths of ordinary, rise & soar,  
Embrace the vision, seek the distant shore.  
In the vast unknown, your spirit shall gleam,  
Transcend the mundane, and touch the  
eternal dream.*

*My dear readers, the theme for our Annual Magazine is very deep as it embodies the essence of life that focuses on something greater and higher. It says to every individual that 'you need to rise from the ordinary circumstances of your life, to have a bright vision for future, and to realise your inner potentials'.*

God has created us for something better and higher, we are not an accident on this earth, and all of us have definite purpose. The word transcendence does not limit itself in rising above and beyond, which is rightly explained by Ken Wilber, as he says, "Transcendence is not a matter of going beyond this world, but to see the world in a new way". It invites us to break open the boundaries that we have created for ourselves. It provides us with wings to fly higher and effectuate the dream that we have seen, to run the race of success and to achieve the crown of glory. It provides us with hope by saying to each one of us you are more than what you think. It moulds the personality of an individual to become restless and continuously haunt for something that his/her soul longs for and to strive to become the best version of himself/herself. Life is much more than what we can imagine, it provides us with ample of opportunities to shine like stars in the dark sky. Life enables us to prove our identity as created for greater purpose. All of us need to take the ride of life in order to encounter different predicaments and thrilling events which would enable us to explore diverse lanes that would meet with our final destination. Transcendence isn't flight or escape, it's the awakening, to know the self and to dive deep in the existence of our being.

My dear students, to transcend is to rise from your clumsiness and to embrace new opportunities in life and to find your true identity in reaching the goals that you have created for yourselves. For you, transcendence begins with an expanded perspective on learning. It's not just about memorizing facts or achieving grades; it's about seeing education as a path of self-discovery and growth. Transcendence in learning is not just about acquiring knowledge, but about awakening to the deeper connection between all things, where curiosity becomes wisdom and education becomes a journey of self discovery. It is about learning to see beyond your current level of understanding, challenging yourself to question assumptions, and to embrace the idea that knowledge is a living and evolving process. May all of us rise from our present state of life to embark on a journey of becoming transcendent beings, with the vision of reaching the zenith of our true selves.

*Thank you & God bless you all !*

# A LEGACY OF LEARNING

*A simple stone can become a beautiful pebble by continuing to travel, so a man can become a beautiful person by the experiences he gains through continuing to travel on his journey.*

For four decades, St. Paul's Sr. Sec. School, Vallabh Nagar, Kota has been a beacon of knowledge, guiding generations of students towards a brighter future. As we celebrate this milestone anniversary, we reflect on the school's rich history, its commitment to academic excellence, and its enduring impact on the community. Founded on June 30th, 1985, by Rev. Fr. Cyril Lobo, St. Paul's School began its journey with a small group of students and a dedicated team of educators. The school's early years were marked by a sense of purpose and determination as the founders worked tirelessly to establish a reputation for academic excellence.

Like pebbles born in the mountains and carried by rivers to the sea, the journey of St. Paul's Sr. Sec. School and its students have been one of transformation and purpose. Just as pebbles, shaped by their travels, carry the message of the mountains to the sea, the school has carried its mission of knowledge, creativity, and growth far and wide. Overtime, these pebbles may find their way into a child's hand as a toy or continue their journey, gaining beauty and meaning through their experiences. Similarly, the students of St. Paul's have embraced their journeys, shaped by the challenges and lessons that have made them stronger, more resilient, and more inspired to make a difference.

St. Paul's Sr. Sec. School is a thriving institution today, boasting a diverse student body, a talented faculty, and a range of extracurricular activities that foster growth, creativity, and teamwork. The school's curriculum has evolved to keep pace with changing times, incorporating innovative teaching methods, cutting-edge technology, and a focus on holistic development.

As we look back on 40 years of history, we are proud to acknowledge the countless alumni who have made their mark in various fields. From entrepreneurs and artists to scientists and social leaders, St. Paul's graduates have consistently demonstrated a commitment to excellence, a passion for learning, and a desire to make a positive impact on the world. A simple stone becomes a beautiful pebble by continuing its journey, and in the same way, the students and alumni of St. Paul's have become remarkable individuals through their dedication and perseverance.

As we celebrate this milestone anniversary, we are filled with gratitude for the past, enthusiasm for the present, and optimism for the future. St. Paul's Sr. Sec. School remains dedicated to its core values of academic excellence, creativity, and community service. Much like the enduring journey of a pebble, the school and its students will continue to carry their legacy far and wide, inspiring future generations of leaders and making a lasting difference in the world.

*Greetings to all !*

We are pleased to present the issue of Pauline Tidings 2024-25 with the theme

## ***Transcendence*** *Elevate Your Being*

*“Rise above and beyond, break barriers, transcend,  
Push past the edge where new horizons extend.  
Go beyond limits, surpass yourself each day,  
Transform your being as you pave the way.”*

Within every human lies the potential to rise above the ordinary and achieve the extraordinary. It begins with a choice—a choice to break barriers, to push past limits, and to transcend the constraints of fear and doubt. When we choose to elevate ourselves, we unlock the power to transform our lives and the world around us. True greatness is not born of perfection but from the courage to evolve beyond who we are today.

As it is rightly said, “In daring to fail, we learn to rise; in daring to grow, we unlock the boundless potential within, becoming more than we ever thought possible”. The courage to evolve beyond lies in the quiet resolve to confront our fears and embrace the unknown. It is nurtured by self-belief, cultivated through small victories over doubt, and fueled by the vision of a greater self.

**Mrs. Rini Alosious**

Transcendence encompasses a spectrum of interpretations, from spiritual dimensions to psychological and cultural realms. Spiritually, it signifies mystical experiences and connecting oneself with the divine, achieving inner peace through meditation or prayer. Psychologically, it relates to self-actualization, overcoming stress and building inner strength. Scientifically, it's reflected in advancements like AI, space exploration, and human enhancement. In art and literature, transcendence emerges through profound creative expression, while socially, it drives movements like feminism, gender liberation, and ecological consciousness. Transcendence invites us to surpass limitations—whether personal, societal, or cosmic—towards freedom, growth, and unity.

To transcend our limits, we must summon more than courage; we need determination to persevere despite obstacles, and curiosity to explore the unknown. Patience is essential, for growth is often a gradual unfolding, and self-discipline keeps us steadfast on the path. Faith in our potential lights the way, while humility reminds us to glean wisdom from every adversity. Together, these qualities form the foundation of transformation, enabling us to rise above limitations, embrace the extraordinary, and shape a life that reflects the fullness of our potential.

Students can cultivate perseverance, determination, curiosity, patience, self-discipline, belief, and humility to transcend their limits. These qualities motivate students to push past expectations and explore uncharted paths of growth and realizing dreams that once seemed distant. Through transcendence, they not only achieve greatness but redefine what is possible in both their personal and professional endeavours.

So, be that person who transcends all constraints, who rises above every obstacle with determination. Become the individual who shatters boundaries, embodies transformation carving a path towards a future brimming with unparalleled success and endless possibilities.

*“Be the transcendent spirit who rises beyond all limits.  
Become the person who dismantles every  
periphery and reaches for the incredible.”*

**Mrs. Jaya Jain**

## 2024-25

Forty years, a journey vast,  
built on the foundations of the past.  
Through the corridors of time, we've walked.  
With every step, new dreams unlocked.  
Challenges met with courage and resilience,  
fortifying our path towards success with perseverance.  
The laughter, the struggle, the joy, the strife,  
all woven into the fabric of life.  
Forty folds of triumph and grace,  
a journey time cannot erase.  
A story of toil, dedication, and care,  
a legacy we proudly share.

The year, 2024, holds a special significance as we celebrate 40 years of our journey as an institution. Four decades of growth, innovation, and unwavering commitment have brought us to this milestone. It is a moment to honour the past, embrace the present, and envision the future. Together, we have built not just an institution but a community rooted in collaboration, resilience, and the pursuit of excellence. As we commemorate this remarkable milestone, we present an account of the year's achievements, milestones, and aspirations that reflect our enduring legacy and the collective spirit that drives us forward.

# Investiture Ceremony

"Leadership is not about a title or a designation,  
It's about impact, influence, and inspiration."

Marking the commencement of the 2024-25 session, the Investiture Ceremony was a resplendent display of leadership and responsibility, etched in the annals of the institution as a day of gravitas and promise. The ceremony aimed to inspire and nurture the spirit of leadership in the young trailblazers. The event began with the lighting of the ceremonial lamp followed by prayer service where the Head Boy, Master Ujjwal Jain, and the Head Girl, Miss Sophia Varghese, alongside the council members, pledged to uphold their roles with dedication and honour to fulfill their duties with honesty and perseverance.

## Cultural Events

"Culture is the foundation of any society, and the art  
is the voice that speaks its truth."

Our school takes pride in organizing a variety of  
cultural events that celebrate diversity and creativity.

# Independence Day

"The best way to find yourself is to lose yourself in the service of others."  
— Mahatma Gandhi

The institution commemorated the 78th Independence Day with unparalleled grandeur and fervour. The event began with the ceremonial hoisting of the National Flag by the Chief Guest, an act that ignited a surge of patriotic pride. The atmosphere resonated with the soulful rendition of patriotic songs, stirring speeches, and a captivating dance performance by the students, each showcasing the indomitable spirit of freedom.

# Teachers' Day

"A teacher's guidance is the compass that leads the ship of knowledge through the vast ocean of life."

Teachers' Day is observed annually on September 5th to commemorate the birth anniversary of Dr. Sarvepalli Radhakrishnan. The student council, under the astute leadership of the Head Boy and the Head Girl, orchestrated a heartfelt celebration to honour the unwavering dedication of their teachers. The event brimmed with gratitude, admiration, and respect as students expressed their appreciation through a medley of captivating performances.

# Co-Curricular Activities

Through the co-curricular activities, our students embrace core values, shaping them into responsible, compassionate and empowered individuals ready to make a positive impact on the world.

A plethora of meticulously orchestrated events, ranging from oratory and chirography competitions such as Hindi and English Debates, Spell-Well, Extempore, Hindi & English Poem Recitation, Declamation, Handwriting and Slogan Writing Competitions to cultural competitions including Diya Making and Rakhi Making Competitions, music, dance, drama and art exhibitions, ensure that students are actively engaged in various activities.

## Fancy Dress Competition

“Creativity came alive at the Fancy Dress Competition as our little stars from pre-primary showcased their talent and imagination, leaving everyone in awe with their adorable attires.”

## Teachers' Training

In an unwavering quest of educational excellence, the school introduced multiple teachers training programs that have empowered our educators to refine their skills and embrace innovative teaching techniques.

## Summer Camp

A summer camp is not just about activities; it's a celebration of learning, creativity, and joy. From Public Speaking to Yoga, Zumba to Badminton, Creative Writing to Carom, every moment on our school campus brought us closer to discovery, friendship, and unforgettable memories.

## *Gandhi Jayanti and Shastri Jayanti*

On 2nd October, the school commemorated Gandhi Jayanti and Shastri Jayanti to pay tribute to the iconic visionaries, Mahatma Gandhi and Lal Bahadur Shastri. Students honoured these luminaries through a heartfelt prayer service and an inspiring address. The occasion provided an opportunity for young minds to reflect on the resolute determination, exemplary leadership, and selfless dedication of these national heroes. The day also underscored the importance of fostering unity, compassion, and a sense of responsibility towards the nation.

## *Children's Day*

*"Children are the spark of creativity, the dawn of new possibilities,  
and the heart of humanity's journey."*

Children's Day is a joyful and heartwarming occasion, filled with love and appreciation for the young minds who bring life to our school. The school celebrated Children's Day on 14th November where teachers gave special performances by singing delightful songs and sharing inspiring speeches. It was a beautiful reminder of the importance of nurturing and cherishing every child.

# Christmas Celebration

The Christmas celebration was a joyous blend of vibrant dances, melodious choir singing, and a poignant Nativity Play. Each performance radiated festive cheer, with the Nativity scene beautifully capturing the essence of Christ's birth, leaving a lasting impression on all.

## St. Paul's Day

*"I can do all things through Christ who strengthens me."*

St. Paul's Day is a powerful celebration of faith and service, honouring our patron saint with reverence and gratitude. The day commenced with a prayer service, followed by a moving enactment on St. Paul's life showcasing his unwavering dedication and spirit. In true alignment with his legacy, students engaged in a noble charitable act, donating food and essential items to Mother Teresa's Home, spreading kindness and compassion towards the less fortunate. It is a day that exemplifies the core values of service, faith, and love.

# Republic Day

*"Freedom blossoms when rights are balanced by responsibilities,  
and the Constitution becomes our guiding light."*

Our institution celebrated the 76th Republic Day with unparalleled zeal and patriotic fervour, commemorating the monumental transition of India into a Sovereign Republic with the adoption of the revered Constitution. The occasion was adorned with eloquent speeches, enthralling dances, and soul-stirring patriotic songs, each a profound expression of devotion to the Motherland. The event served as a heartfelt homage to the sacrifices of our freedom fighters and a resounding celebration of the cherished ideals of justice, equality, and liberty, leaving an indelible mark of pride and unity on all present.

# Au Revoir

*"Though the roads ahead may diverge, this will always remain your home,  
a place where your story began."*

Farewell is not merely an occasion, but a poignant moment that marks the culmination of an incredible journey. For the students of Class XII, it is a day of bittersweet emotions, as they bid adieu to the hallowed halls that have witnessed their growth, struggles, and triumphs. Class XI students, take the opportunity to express their heartfelt appreciation through eloquent speeches, soulful performances, and graceful tributes. They honour their seniors for the wisdom, guidance, and support shared, ensuring that the farewell becomes a cherished memory, forever etched in the hearts of all.

# Principal's Day

Principal's Day was celebrated with great enthusiasm and reverence at our school. Our beloved Father Principal was felicitated by all the students, who expressed their deep appreciation for his exceptional leadership and guidance. The day was marked by special performances in his honour, showcasing the talents and gratitude of the student body. From heartfelt speeches to lively cultural presentations, every moment of the celebration was a testament to the impact of his dedication. The event was truly extravagant, filled with joy, admiration, and a sense of unity, making it a day to remember for everyone

## *Sports and Games*

"Sports are the greatest metaphor for life because you get out of it what you put into it." – Oprah Winfrey

Physical activities and athletics foster camaraderie, self-control, unity, and synchronization. They shape personality, boost confidence, and instil an optimistic perspective on life. Our Paulites developed invaluable traits such as determination, persistence, and dedication, which are vital for overcoming life's obstacles. They seized the chance provided to them by engaging in the subsequent categories.

Our comprehensive sport programmes include manifold Inter House Competitions such as basketball, throw ball, volleyball, kho-kho and table-tennis, ensuring that students excel not only academically but also in their athletic pursuits.

Our students participated in various sports and games in the academic year 2024-2025, bringing laurels to the school. They proudly showcased their mettle through their remarkable achievements

## Be A Bird

Be a bird, soaring high,  
With an aim to touch the sky.

Dream big and with an ambition,  
Flap your wings to reach the destination.

Let hope and determination be your feathers,  
Stay calm and hopeful even in stormy weathers.

Life will surely test your mettle,  
But stay calm till things settle.

Success will surely follow,  
So spread your wings and fly towards tomorrow.

## Discover the Unseen Beauty

Unseen beauty in a sunrise high,  
A new beginning, in a morning sky.  
With every breath, new hopes arise,  
A gift of life, that time defines.

The mesmerizing spirit of rain, on a summer's day,  
Quenching thirst, in a loving way.  
A mother's touch, a father's care,  
Unseen beauty that's always there.

The beauty of laughter, the beauty of tears,  
Hidden bliss, that lasts through the years.  
The belonging a mother's rebukes hold,  
Carry a love that's quietly told.

The rustling leaves, the whispering wind,  
Soothe the ones, whom time has pinned.  
In secret places beauty blooms,  
Hidden whispers, fill the silent rooms.

The crashing of the waves by the shore,  
Ringing memories through the deepest core.  
So look beyond what meets the gaze,  
For unseen beauty lights the haze

# *An Opulent Spectacle* **ANNUAL DAY** *Celebration*

The school's 40th Anniversary was magnificently celebrated during this year's Annual Function, a momentous occasion that honoured four decades of growth, excellence, and achievement. With the theme "Cherish Your Loved Ones," the event poignantly reminded us of the importance of love, connection, and gratitude towards family and community. The program was a dazzling spectacle, featuring thought provoking skit, soulful songs and vibrant dances which beautifully reflected the essence of the theme. The celebration was a perfect blend of nostalgia and joy, leaving an indelible mark on everyone present and

# ARTIFICIAL INTELLIGENCE AND SCHOOL

## My Pillars of Learning

Artificial Intelligence is a remarkable technology that enables machines to think, learn and adapt like humans, making tasks faster, smarter and more efficient.

For me, Artificial Intelligence is not just a tool; it has become an essential partner in enhancing my learning experiences, helping me in preparing for exams, understanding concepts and organizing my assignments. Its support has been invaluable in every step of the way.

As a student, there were moments when I found myself stuck on challenging problems, whether it was understanding complex concepts, drafting essays, or tackling tricky math questions. During these times, AI became an invaluable companion in my learning journey. It offered instant guidance, breaking down difficult topics into simpler explanations and providing step-by-step solutions. Beyond problem-solving, AI also encouraged me to think critically by suggesting alternative approaches and perspectives. This support not only helped me overcome obstacles but also boosted my confidence in pursuing academic challenges independently.

However, as helpful as AI has been, I've realized it cannot replace the true essence of school. At school, I get to interact with teachers who not only teach but inspire me with their knowledge and passion. My friends and classmates challenge me, cheer me on, and make learning a shared experience. AI may provide answers, but it cannot replicate the life lessons, teamwork, and bonds I build in the classroom.

What AI has taught me is how to study smarter, but school teaches me why learning matters. It's at school where I develop critical thinking, creativity, and values that no AI can instill. AI is like a tutor available at all times, but teachers are mentors who guide us through challenges not just academically, but personally.

From my perspective, AI is a great assistant, but school is where the real magic happens. Together, they make the perfect team: one gives me tools to succeed, and the other helps me reach my full potential and achieve success in ways that go beyond mere accomplishment.

# Atomic Habits

In the words of John Dryder

*"We first make our habits and then our habits make us."*

Habits play a crucial role in shaping who we are and influencing our actions. They are the silent architects of our future which are shaped by small, seemingly insignificant actions we take repeatedly and these actions are what we call 'atomic habits'.

Atomic habits when repeated consistently, compound to create lasting transformations in our lives. These habits may seem minor, but their impact grows overtime, much like atoms which seem tiny but hold immense potential.

Atomic Habits help in building discipline, focus, and resilience, empowering students to achieve success in their endeavours. By breaking down larger goals into manageable, consistent actions, they enable students to manage their time effectively and overcome procrastination. These small, incremental changes not only improve academic performance but also foster a sense of self-mastery and confidence, equipping students with the tools to handle challenges both in and outside the classroom. With consistent efforts, these habits become a foundation for lifelong learning and personal growth, forming the backbone of a disciplined and purpose-driven life.

When students transition into adulthood, the habits they build in their formative years evolve into systems that shape their identities and aspirations. The discipline cultivated through atomic habits allows them to tackle more significant challenges and align their efforts with their passions. These habits transcend individual success, enabling individuals to contribute to larger causes, build meaningful connections, and create a positive influence on the world around them. The ultimate lesson is that small, consistent actions, when compounded gradually, hold the power not only to transform individuals but also to shape a better, more purposeful world for everyone.

So, let's start today, take one small step,  
and trust in the process  
because even the tiniest of habits can  
lead to extraordinary results.

# EDUCATION

## A STEPPING STONE

*“Education is the stepping stone to endless possibilities, shaping minds and paving the path to success.”*

A house build on sand would collapse at the first sign of a storm but the one anchored on a strong foundation will stand tall and firm. Likewise, education is the foundation of children’s future. The skills, children learn today- reading, writing, problem solving, critical thinking etc. are the building blocks that help them to succeed in whatever path they choose to pursue in future.

Being a teacher, I have had the privilege of observing young minds bloom like flowers in the spring. Each day I witness the magic that unfolds when a child grasps a new concept, understands a challenging idea and keeps asking the question ‘WHY’. And this ‘WHY’ becomes the spark that lights the fire of knowledge, which is the seed of all learnings.

Learning isn’t about getting good grades, it’s about the joy of discovery, it’s about the satisfaction you feel when you solve a difficult problem or when you finally understand a concept that seemed impossible at first. Every new thing you learn, adds a piece to the puzzle of becoming the best version of yourself. Learning is the tool that helps you to achieve through the many facets of knowledge while education becomes the key that unlocks the doors to endless discoveries.

My dear children, as you journey through these school years, remember that you are not just learning for today—you are preparing for the amazing adventures that lie ahead. Every lesson, every question is a step towards success. There will be times when you will find learning is hard, there is no way you can find answers and you might feel like giving up. But you must remember that every day is a challenge. Don’t be afraid to make mistakes because they are the stepping stones on the path of success and opportunities for your bright and exciting future. Don’t take learning as a burden, enjoy it and embrace it with an open heart and never stop asking ‘WHY’.

# Exposure to the World

Exposure to the World is the corner-stone of personal growth and understanding. It enables us to engage with and comprehend the different aspects of life. Exposure for students is not just academic exchange or travel, it is actually igniting the lamp of new opportunities, possibilities and recognition.

Exhibiting the skills and the real competence in the vast ocean of competition is not an easy task, especially when there are experts abound at every turn. But the ones who are passionate to explore the different activities and opportunities all around, shine as true winners among the fraction of people who succeed in countering the fear of denunciation. This gesture, to accept the situation, and keep on chasing the opportunities is the foremost step towards success.

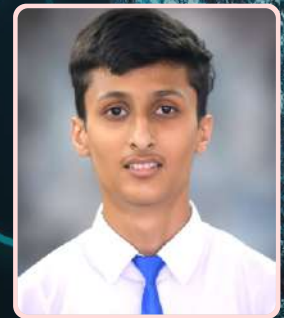

Exposure for a student like me, is basically stepping beyond the familiar boundaries of my own culture, comfort and self-perspective. Each task at every point and every activity that came my way was full of challenges. But, keeping in mind that no victory comes without struggle, I pushed myself forward, step by step. The experience I gained from both my mistakes and successes have helped me grow, shaping my perspective and strength. Furthermore, these experiences have prepared me for the demands of global studies.

At several stages, life asked me to be better equipped to fit in this world, to become aware of my passions and to dedicate myself both physically and mentally. I have reached to that point in my life where I have come to know about many things going on, linked to what I am and what I want to be.

So, I wish to share the message to all my readers-don't let the fear of criticism hold you back, embrace the courage to explore and learn as much as possible about something and then work hard to achieve The Best.

*"If someone is enjoying the shadow now, it's too obvious,  
he/she planted that tree ages before".*

*The day, we take our first step towards exposure to the world, we are halfway to success.*

# MUSIC

*Music is something that lifts my soul,  
Keeps me alive, making me whole.  
Music makes me cheerful even when I'm sad,  
Something that makes me dance like mad.*

*Music drives out darkness as I listen to every note,  
Unlocking new dreams that in my heart float.  
Music motivates me every day to do something better,  
Overcoming the hardships that make me shatter.*

*Music makes me feel loved and at peace,  
It lets me accomplish my goals with ease.  
Music brings me happiness when I feel blue,  
So, won't you come and listen to it too?*

# She

## *Her Strength, Her Story*

In the bustling city of dreams, amidst the chaos of everyday life, a whisper began to circulate about a woman who defied all odds and achieved the impossible.

Her story, shrouded in mystery and wonder, captivated the hearts of all who heard it.

SHE, a figure of quiet strength and unwavering determination, embarked on a journey that seemed insurmountable to many. With grace and silence, she faced every challenge head on, never giving up in her pursuit of greatness. Oh look! She transformed her dreams into reality.

Now, the talk of the town was, "How did SHE do it? How did SHE defy gravity and soar to unimaginable heights?" The answer, it seemed, lay in her belief and her abilities. Through dark nights of uncertainty and stormy days of doubt, she remained steadfast. A beacon of hope and extraordinary strength, she understood that true power lies not only in perseverance but also in the ability to embrace moments of calm and self-awareness.

As the tale of her triumph spread throughout the land, she became an emblem of limitless potential and a reminder that greatness resides within the heart of every woman, waiting to shine and shape HER world in a unique way. So, the next time you face a seemingly indomitable challenge, remember Her story and tell yourself, 'I CAN DO IT TOO'.

# MOTHER

*Nurturer of Life's Garden*

My mother nurtured a garden,  
Where burdens softly lighten.  
She planted all the good seeds,  
That filled my heart with good deeds.

She turned me towards the sunshine,  
And taught me to embrace the divine.

Fostering and nurturing in me,  
The seed of self-esteem.

She is the true model of compassion,  
A rare treasure, beyond affection.  
Mother is the creator of my pathway,  
She lights my steps along the way.

I am the flower of her garden,  
Where every wrong finds gentle pardon.  
I am her legacy,  
A reflection of her love, pure ecstasy.

# My School

The wind beneath my wings

My school, the wind beneath my wings,  
Where dreams flourish and ambition springs.  
From being a fledgeling to reaching the sky's embrace,  
Treading on a path of growth, at a steady pace.

In this nest, we chirp and we learn,  
My school is the dawn of each dream we yearn.  
Lessons like feathers, helping me soar,  
Through challenges faced, wisdom we explore.

Teachers as nurturing mother birds,  
Guide us with knowledge, love and words.  
With each lesson learnt, a new feather sprouts,  
Sailing me through life's countless doubts.

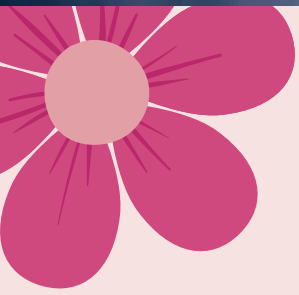

From the nest of my school, I take flight,  
Through the wind beneath my wings, strong and bright.  
My school, the wind beneath my wings,  
Fills my journey with bright beginnings.

# Teacher

Crafting jewels of wisdom

A teacher is like a goldsmith, they say,  
Shaping his craft in a magical way.  
Some jewels need bending, some need a shine,  
Each one unique, a treasure divine.

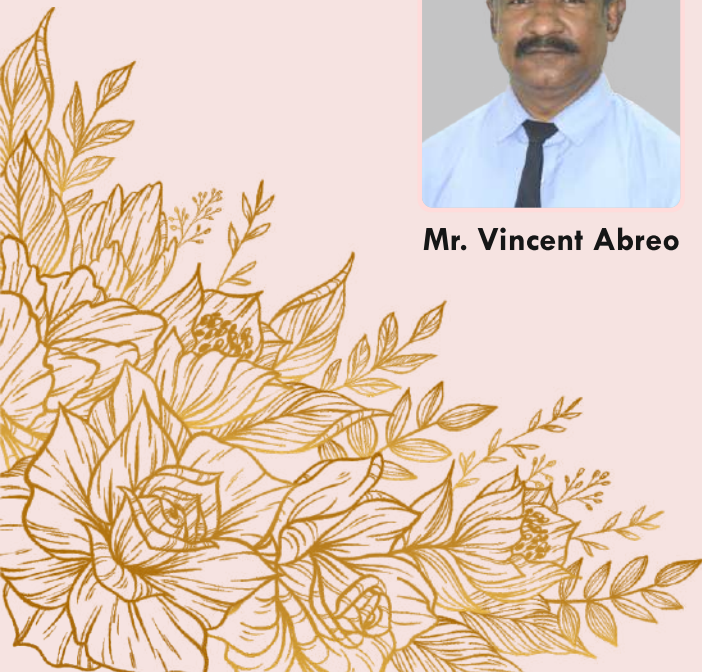

With diamonds or stones, his work takes form,  
Through patience, care, and a heart so warm.  
He polishes rough edges with wisdom's flame,  
And guides each gem to earn its name.

No piece too dull, no stone too small,  
His hands hold potential within them all.  
He moulds with love, with vision so true,  
Turning every spark into something new.

For like the goldsmith, steady and wise,  
He sees the beauty beyond our eyes.  
Through trials and time, his art takes flight,  
Each student a masterpiece, reaching new height.

Mr. Vincent Abreo

# Teenage Dreams

Teenage dreams, a world of strife,  
A journey of self-discovery, an adventurous thrive.  
Thoughts rage, emotions collide,  
A roller coaster ride and no place to hide.

Wanting to prove our identity in every glance,  
Through every move we craft our stance.  
Peer pressure mounts, expectations rise,  
A fragile mind trying to reach the skies.

But among the chaos, a spark ignites,  
Awakes the courage to stand and fight.  
A generation bold with hearts alight,  
A future approaching with all its might.

Teenage years, a time of confusion and doubt,  
A quest for growth with potential throughout.

## *The Art of Being Resilient*

*"Like a river carving its path through solid rocks,  
resilience shapes our destiny despite obstacles."*

One should not have to be extraordinary to achieve success, but with the right direction, discipline, self-belief and resilience, one can rise above challenges and even, the most daunting goals can become attainable.

For, Direction Guides You  
Discipline Shapes You  
Self-belief Motivates You  
and Resilience Empowers You.

Resilience is the ability to rebound from setbacks, adapt to changes and maintain a sense of purpose and determination in the face of adversities. A resilient mindset helps to learn from mistakes and adjust as per requirements. Generally, progress slows or even stops when barriers arise. Resilience refuels our passion and motivation, even when everything seems impossible ahead. Life is always unpredictable, it can take an unexpected turn anytime, resilience then equips you with the ability to accommodate to those shifts. It also helps in developing a strong problem-solving approach, which not only facilitates overcoming hurdles, but also boosts our sense of self-assurance.

Resilience is both an art and a skill because it requires the creative ability to navigate through difficulties. It also develops the practical techniques to bounce back from hardships and grow stronger. It can be nurtured by maintaining a positive outlook, building strong relationships, practicing self-care, setting realistic goals, learning from setbacks, staying flexible, cultivating optimism, and being patient with ourselves. These practices fortify our spirit, enabling us to gracefully confront tribulations and emerge with renewed strength.

At the core, resilience is the silent architect of enduring success, shaping our journey with unwavering strength. It is the quiet power that helps us navigate life's tempests, emerging not only unscathed but transformed. In its embrace, we discover the courage to continue, to rise, and to flourish, no matter the storm.

## *The Dynamic Alphas - The Mini Millennial*

Generation Alpha, born from 2010 onwards, is the first fully digital-native generation, growing up alongside AI, smartphones, and social media. They are called “Alpha” to signify a new beginning, following Generation Z, and represent boldness, creativity, and adaptability. Known for their tech-savviness, inclusivity, and fearless approach to change, Generation Alpha is reshaping the future with innovation and confidence.

This is a bold generation that can adapt swiftly to technological advancements, embrace diversity with ease, and challenge societal norms with confidence. Generation Alpha combines creativity, curiosity, and a global mind-set to shape a future driven by progress, ingenuity, and unity.

Growing up in a globally connected world, they are empathetic, socially conscious, and collaborative, valuing teamwork in both virtual and real-life environments

In the virtual world, they thrive on instant access to information and global communication. However, they also understand the importance of real-life connections, where face-to-face interactions build deeper relationships, social skills, and emotional intelligence.

Generation Alpha values the balance between the two, using the virtual world for convenience, vision, and learning, while cherishing real-world experiences that help them develop empathy, teamwork, and a strong sense of community. This ability to navigate both realms allows them to be adaptable and well-rounded, ready to face the challenges of the future.

By using technology to drive innovation and advocating for social justice, sustainability, and equality, the ‘mini millennials’ have the potential to reshape the future. With their unique skills and values, they will not only benefit society but also contribute to a more connected, compassionate, and progressive world. They are the trailblazers of this generation, mirroring the spirit of today's world where innovation drives success and adaptability defines progress. In an era of start-ups, digital creators, and boundary-pushing entrepreneurs, they rise as someone who defies norms. Just as the world evolves at lightning speed, their determination and creativity, sets them apart in the ever-changing landscape of possibilities. The Alpha Generation has the tools and the mind set to redefine success—now it's time to use them to leave a mark.

Gen Alpha sends a powerful message to the world: ‘The future is in the hands of those who embrace change, creativity, and collaboration’. They remind us that technology, when used responsibly, can be a force for good, and that empathy and social consciousness are key to solving global challenges. For the people, Generation Alpha is a symbol of hope and innovation, showing us that with the right guidance and opportunities, the next generation can build a more inclusive, sustainable, and connected world. They are the leaders of tomorrow, ready to make a meaningful impact.

# Transmute

**SEED** - dormant yet brimming with a potentz life. For its survival, it needs to sprout and grow. The harvest will come only when an earnest effort is put forth!

**SEED**.....for sure is **YOU!** A piece of concentrated energy.

Your desire is to become fathomless, for which you try whole nine yards.

But, if you realise, some day that its futile, be sensible enough to meliorate.

To stay cognizant and robust try to cultivate homeostasis. The environment around you may be kind or hurtful but, bring to mind, its not the ecosystem that makes you incapacitate. What truly matters is your own apprehension to every stimulus you encounter. Don't ever allow anyone to define you as you are a unique piece of creation of this planet.

At ease with the existence, always try to be in a **blissful dimension!**

Gather valour to be an **INDIVIDUAL**, reinforced with enthrallment and dynamism!

As adaptability leads life to happen on a broader spectrum, embrace each challenge, for your role in this universe is minimum. So, try to find a solution for every fluctuation!

In essence, '**Indispensable To Life**' is happening on its own. Just **step up** and get rid of mental turmoil. Be receptive to nature's bounty, by vibrating at your highest frequency.

Above all, in this world, the willingness to TRANSMUTE is the only Revolution!!

Mrs. Ritu Chawla

## WAR

THE END OF  
HUMANITY AND PEACE

In the ruins that remain,  
Hearts become heavy, hope feels vain.  
Families torn by cruel hands,  
Children cry across the lands.

Cities once vibrant, now whisper pain,  
Dreams become silent, in the bloody rain.  
Hope is fading, hearts are torn,  
Longing for peace, weary and worn.

Unity lost, leaving humanity in despair,  
Longing for peace with every breath of air.  
In every heart, a desire to mend,  
To find a common ground, where hope can ascend.

## मेरे पिताजी, मेरे जीवन की नींव

मेरे पिताजी, मेरे जीवन की नींव,  
उनके प्यार में छिपा है सारा जीवन।  
कठोर मेहनत से जीवन चलाते हैं  
हमारी खुशियों के लिए जीते जाते हैं।

सिखाते हैं हमें गिरकर उठना,  
संघर्ष करना आगे बढ़ना।  
दर्द छिपाते हैं मुस्कानों में,  
बनाते हैं हमें सफल जीवन के निर्माण में।

उनकी आँखों में झलकता है विश्वास,  
हम पर उनका प्यार है असीम आकाश।

## हकीकत

दिन भर मुलाकात होती मेरी  
इंसानो से, फरिश्तों से, बेईमानों से  
हकीकत से मुलाकात तो रात में होती  
कभी खुद से तो कभी विचारों से ।

कभी मैंने हँसकर रोना सीखा, तो  
कभी रोकर हँसना सीखा  
कभी हालात छुपाकर रोए,  
कभी हँसी छुपाना सीखा ।

दर्द-ए-हालात में अगर रोए होते  
तो शायद दर्द हल्का होता  
यहाँ हमने हँसकर जिंदगी निकाल दी  
अब पूछो हमसे कि हकीकत में इसका अंजाम क्या होता ?

शीशे में देखकर आँखे मिलाई ना जाती  
अब याद आते है वो फरिश्ते जिन्होंने हमें सीख दी थी  
फरियाद तो हम बाद में करने को भी तैयार है

## वक्त नहीं

जिन्दगी कितनी व्यस्त हो गई है।  
कि अपने आप के लिए वक्त नहीं,  
हर खुशी है लोगों के दामन में  
पर एक हँसी के लिए वक्त नहीं,  
दिन रात दौड़ती दुनिया में  
जिंदगी के लिए वक्त नहीं,  
माँ की लोरी का एहसास तो है,  
पर माँ को माँ कहने का वक्त नहीं,  
सारे रिश्तों को हम मार चुके,  
अब उन्हें दफनाने को वक्त नहीं,  
सारे नाम मोबाईल में हैं,  
पर दोस्ती के लिए वक्त नहीं,

गैरों की क्या बात करें,  
जब अपनों के लिए वक्त नहीं,  
दिल है गमों से भरा हुआ,  
पर रोने के लिए वक्त नहीं,  
आँखों में है नींद बड़ी,  
पर सोने के लिए वक्त नहीं,  
पैसों की दौड़ में ऐसे दौड़े कि,  
थकने के लिए वक्त नहीं,  
पराये एहसासों की क्या कदर करें,  
जब अपने सपनों के लिए वक्त नहीं,  
दिल मे बहुत बातें है बताने के लिए,  
लेकिन बताने के लिए वक्त नहीं।

## एक पन्ना

पन्नों पर अनेक कहानियाँ बुनी जाती है।  
हर रोज पन्ने पलट-कहानी अधूरी ही रह जाती है।

वक्त है-  
जब सपने लिखा करते हैं,  
पूरा तो न हो उम्मीद जगाए रखते हैं,  
लोग दिलों में और हम  
अपने हौसलों में आग लगाए रखते हैं।

एक पन्ना जिसमें रोज की कहानी का सार  
लिखा करते हैं,  
यादों की बहार लिखा करते हैं,  
हर बीते पन्ने में एक कहानी को छुपाकर,  
सीख लेकर आगे चलते रहते हैं।

हर पन्ने में कुछ यादें, कुछ पश्चाताप छुपे रहते हैं,  
कुछ गलतियाँ, कुछ किए पाप छुपे रहते हैं,  
इंसान पहचानने के लिए  
पन्ने की नहीं, पूरी किताब की जरूरत पड़ती है  
वरना लोग गलत को सही और सही को गलत मानते रहते हैं।

क्योंकि जिंदगी के एक पन्ने से कोई बुरा भी मान लिया जाता है,  
गलत इंसान को भी कभी बाजीगर मान लिया जाता है,

लोगों की नजरों का क्या कसूर है भला  
लोगों की नजरों का क्या कसूर है भला  
ऐसे तो हर चमकती चीज को सोना मान लिया जाता है।

# असफलता से मत डरो

असफलता सबसे उपजाऊ मिट्टी है, जिस पर सफलता के बीज बोये जा सकते हैं। हम हमेशा असफलता को सफलता के विपरीत मानते हैं लेकिन हम यह समझने में विफल रहते हैं की असफलता, सफलता की पहली सीढ़ी मात्र है। जो आप चाहते हैं, उसे प्राप्त करने के लिए बहुत अधिक दृढ़ता और अभ्यास की आवश्यकता होती है। सफलता कभी भी जल्दबाजी में काम करने से नहीं मिलती। सफलता का कोई शॉर्टकट नहीं है। इसलिए, असफलता स्वाभाविक है। कड़ी मेहनत करके और जीवन की चुनोतियों के सामने बार-बार करके अपनी क्षमता साबित करके ही आप सफलता प्राप्त कर सकते हैं। असफलता इस दुनिया में सबसे अच्छी शिक्षक है। यह आपको अपने पैरों पर वापस खड़े होना सिखाती है। यह आपको सिखाती है कि कैसे बेहतर बनना, हार न मानना और अपने सपनों का पीछा करना, अपने दिल में विनम्रता और दिमाग में स्पष्टता के साथ असफलताएँ केवल असफलताएँ नहीं हैं, बल्कि किसी की गलतियों और कमियों को दूर करने के लिए पुनर्मूल्यांकन करने का और नई रणनीति विकसित करने का अवसर हैं। अगर उनकी कोई असफलताएँ और उन असफलताओं से लड़ने की क्षमता न होती, तो धीरू भाई अम्बानी, रतन टाटा, स्मृति ईरानी, नवाजुद्दीन सिद्दीकी और ऐसे कई लोग जैसे महान दूरदर्शी कभी भी उस ऊँचाई तक नहीं पहुँच पाते, जिस पर वे अब हैं। जब तक हम यह नहीं देखते कि दूसरी, तरफ क्या है, हम कैसे तय कर सकते हैं कि संघर्ष इसके लायक है या नहीं? और एक बार जब कोई व्यक्ति अपने डर और असफलताओं से आगे निकल जाता है, तो उसके स्वागत के लिए केवल एक ही चीज इंतजार कर रही होती है, संतुष्टि, जीत या सफलता पाने की नहीं बल्कि कोशिश करने, की तो आइए हम सभी अपनी बाँहें खोले और अपनी असफलताओं को गले लगाएँ, ताकि खुद पर विजयी हो सकें।

## जय विज्ञान

जीवन की राहें सुगम बनाता,  
अंधविश्वासों को दूर भगाता,  
करवाता सत्य जो ज्ञान,  
ऐसा अनूठा विषय विज्ञान।

कब, कहाँ का उत्तर तो हम,  
इतिहास विषय से लेते जान,  
हर क्यों? कैसे? का उत्तर केवल  
देता हमको यह विज्ञान।

अविष्कारों का ये मूल है,  
उपकरणों की है ये जान,  
चिकित्सा में भी यह कमाल है  
स्वस्थ रखे ये तन मन प्राण।

इसके दम पर ही तो हमने,  
अंतरिक्ष तक की भरी उड़ान,  
नासा, इसरो संस्थानों ने  
बढ़ाया विश्व में अपना मान।

हर व्यक्ति की सोच हो वैज्ञानिक  
तभी बने यह चतुर-सुजान,  
मानव हित में सदा समर्पित  
सकल विश्व के लिए वरदान।  
जय विज्ञान जय विज्ञान  
जय विज्ञान।

## बचपन

एक बचपन का जमाना था..  
जिसमें खुशियों का खजाना था..  
चाहत चाँद को पाने की थी..  
पर दिल तितली का दिवाना था..  
खबर ना थी कुछ सुबह की..  
ना शाम का ठिकाना था..  
थक कर आना स्कूल से..  
पर खेलने भी जाना था  
माँ की कहानी थी..  
परियों का फसाना था..

बारिश में कागज की नाव थी..  
हर मौसम सुहाना था..  
रोने की वजह ना थी..  
ना हँसने का बहाना था..  
क्यों हम इतने बड़े हो गए..  
इससे अच्छा तो वो बचपन  
का जमाना था..  
वो बचपन का जमाना था..

## शिक्षक

काव्या अग्रवाल  
कक्षा : छठी - ( स )

जीवन में जो राह दिखाए,  
सही तरह चलना सिखाए।  
माता-पिता से पहले आता,  
जीवन में सदा आदर पाता।

सबकी मान प्रतिष्ठा जिससे,  
सीखी कर्तव्यनिष्ठा जिससे,  
कभी रहा न दूर मैं जिससे,  
वह मेरा पथदर्शक है जो।  
मेरे मन को भाता,  
वह मेरा शिक्षक कहलाता।

कभी है शांत, कभी है धीर,  
स्वभाव में सदा गंभीर,  
मन में दबी रहे ये इच्छा,  
काश मैं उस जैसा बन पाता,  
जो मेरा शिक्षक कहलाता।

## लो आया बसन्त

मौसम बदला जाड़ा भागा,  
लो अब आया बसन्त।  
डाल-डाल और पात पात,  
सजा-धजा आया बसन्त।।  
पीली ओढ़नी सरसों पहने,  
आम बैर पर छाया बसन्त।  
फल-फूलों से पेड़ लदा,  
मौसम भाया यह बसन्त।।

देरों अमरूद सबने खाए,  
भौरा लेकर आया बसन्त।  
कोयल ने गीत गाया,  
खुशियाँ ले आया बसन्त।।  
नई महक लेकर आया,  
नव उमंग संग आया बसन्त।  
तितली ने नाच दिखाया,  
फूलों ने महकाया बसन्त।।

मेरे घर के आँगन में नित,  
आती एक चिड़िया।  
रोज डालती दाने उसको,  
मेरी प्यारी मैया।

मैया बोली तुम भी डालो,  
इनको दाना-पानी।  
दूषित हवा से मर रही है,  
सारी चिड़ियाँ रानी।

नहीं बचाया चिड़िया को तो,  
विलुप्त हो जाएगी।  
फिर ये केवल तस्वीरों में,  
हमें नजर आएगी।

## भ्रष्टाचार

आज के अफसर बड़े ही भ्रष्ट फैला रहे हैं भ्रष्टाचार ।  
इनके लालच के कारण मिट रहा है देश का शिष्टाचार  
ऑफिस में बस ये ही काम इसके पाँच सौ उसके हजार ।  
जो धन ज्यादा देता उसका ही करते विचार ।।

नैतिकता का पतन कर्तव्य का हो रहा संहार ।  
विश्वास और हर नियम का हो रहा प्रतिहार ।।

भ्रष्टाचार ने किया देश को खोखला ।  
जिसके उपर टिका देश वही मिटा रहे देश का हौसला

भ्रष्टाचार की फैली महामारी है ।

# धरती पे रहने वालों, धरती के गीत गाओ

धरती पे रहने वालों, धरती के गीत गाओ ।  
सरहद के भेद छोड़ो, सीमाओं को मिटाओ ।  
आओ कि हर दीवारें नफरत की हम गिराएँ  
सबको गले लगाकर नया सिलसिला बनाएँ  
नूतन इतिहास का अब आगाज़ कर दिखाओ  
धरती पे रहने वालों.....

क्या हिंदू क्या मुसलमाँ क्या सिक्ख क्या ईसाई  
हम फूल इक चमन के आपस में भाई-भाई  
शिकवे - गिले भुलाकर सबको गले लगाओ  
धरती पे रहने वालों.....

फरहत उल्ला खान

उपयोग में लगाकर एटम की सारी ताकत  
हिल-मिल के दिल मिलाकर इतनी करेंगे मेहनत  
फिर स्वर्ग से भी सुंदर होगी ज़मीं की किस्मत  
सब धरतीवासी मिलकर जन्मत ज़मीं पे लाओ  
धरती पे रहने वालों धरती के गीत गाओ ।  
सरहद के भेद छोड़ो सीमाओं को मिटाओ ।

# वृक्ष की उपयोगिता...

मैं खुश हूँ कि मैं एक वृक्ष हूँ,  
इस संसार में मैं सबसे वृद्ध है।  
सदियों से यूँ ही खड़ा हुआ हूँ,  
आँधी तूफानों को भी सहता हूँ मैं।  
मेरी रूह इस जमीं से जुड़ी हुई है,  
धरती माँ में मेरी दुनिया बसी हुई है।  
इस सृष्टि में मेरा बहुत योगदान रहा है,  
मेरा घर तो यह खुला आसमान रहा है।  
इन उड़ते हुए पंछियों का आशियाना हूँ मैं,  
भटकते हुए मुसाफिरों का ठिकाना हूँ मैं।  
कभी किसी के चूल्हे में जलता हूँ मैं,  
कितने लोगों का पेट भरता हूँ मैं।  
जब तक जीवित हूँ काम आता रहूँगा,  
मरने के बाद भी घरों को सजाता रहूँगा।  
इतने गुणों के बाद भी कोई पहचानता नहीं,  
अकेला सा हूँ मुझे कोई अपना मानता नहीं।  
हर रोज क्यों मेरे भीतर एक डर सताये,  
कब किसकी कुल्हाड़ी मुझ पर पड़ जाए।  
बिना कसूर के ही वृक्षों को हटाए जा रहे हैं,  
धरती माँ पर संकट क्यों बुलाये जा रहे है।  
हमसे ही तो पर्यावरण की शुद्धि होती है,  
इन हवाओं में ऑक्सीजन की वृद्धि होती है।  
हर एक वृक्ष की अपनी-अपनी विशेषता है,  
मीठे फल, औषधि तो कोई खुशबू बिखेरता है।  
वृक्ष की उपयोगिता को समझो ऐ इंसानो,  
हर एक वृक्ष महत्वपूर्ण है इस बात को मानो

## देश भक्ति की सुगंध

हवाएँ मिट्टी की यह खुशबू  
आखिर कहाँ से लाती है।  
जब शहीद होता है कोई वतन पर,  
तो वो अपनी महक इस मिट्टी में छोड़ जाते हैं।

अगर वतन एक गुलिस्ताँ है,  
तो यह फूल बन जाते हैं।  
चलती है जब भी मन्द हवा इस बगिया से  
तो देशभक्ति की सुगंध साथ ले आती हैं।

फूल तो खिलकर  
फिर मुरझा जाते हैं।  
जो होते हैं शहीद वतन पर,  
वो सदा के लिए खिले रह जाते हैं।

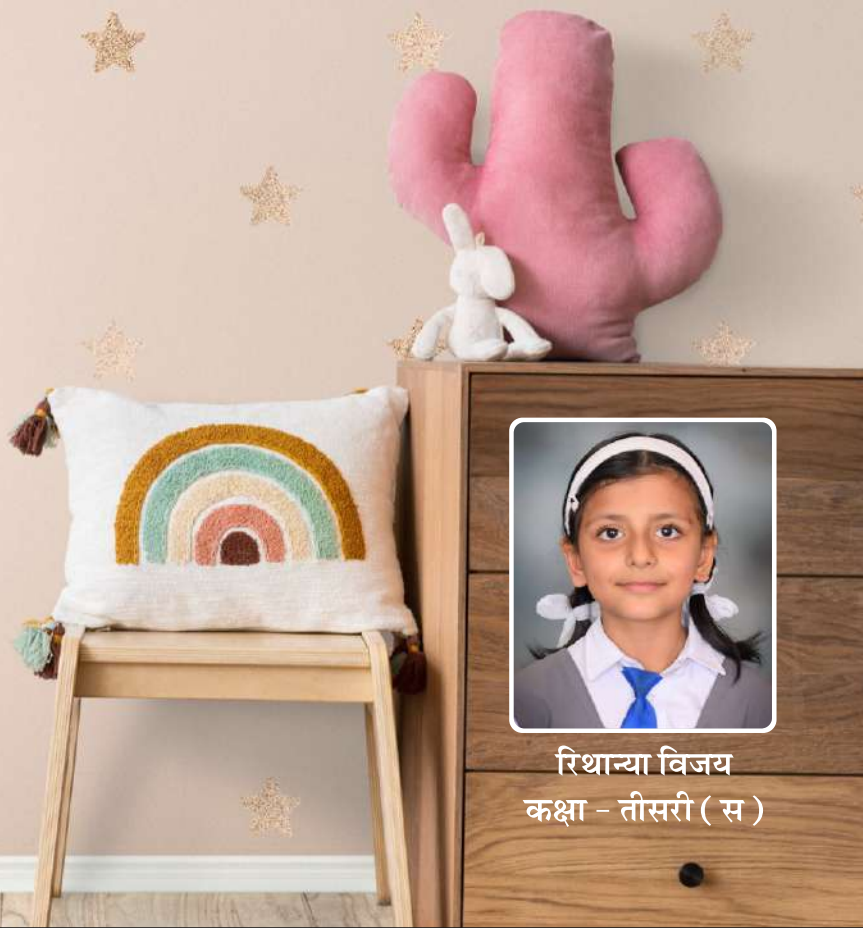

कहानियाँ इनकी सबको हैं भाती,  
जब मिलता है मौका  
कुछ इनके जैसे बनने का  
ये हमारी प्रेरणा शक्ति बन जाते हैं।

# समय का सारथी कौन ?

समय एक घूमता चक्र है, बहता पानी है क्योंकि यह एक बार चले जाने के बाद पुनः नहीं लौट कर आ सकता है। अतः यह हमारे जीवन की सबसे अनमोल वस्तु है। समय ही राजा को रंक व रंक को राजा बना सकता है। समय एक नदी की भाँति हैं, जो कभी किसी के लिए नहीं रुकता। यदि हम समय को अनदेखा करते हैं, तो यह हमारे हाथ से निकल जाता है और हमें पछताने अलावा कुछ नहीं मिलता। इसलिए हमें समय का सारथी बनना चाहिए। प्राचीन समय में सारथी किसी भी रथ को चलाने के लिए, अत्यंत महत्वपूर्ण व निपुण होता था तथा यह काम की बातें भी करता था। जैसे महाभारत के युद्ध अर्जुन के सारथी कृष्ण थे। उन्होंने अर्जुन को ज्ञान की बातें सिखाई थी। हमें भी समय का सारथी बनना चाहिए। समय का सारथी बनने का अर्थ है हमें अपने जीवन की बागडोर स्वयं अपने हाथों में रखनी चाहिए व समय के अनुसार ही अपने कदम आगे बढ़ाने चाहिए। हमें यह समझना अत्यंत आवश्यक है कि हमारे लिए हर क्षण महत्वपूर्ण है यदि हम इसे बेकार गवां देंगे तो यह लौटकर नहीं आएगा जीवन में अनुशासन, नियमितता व सही समय पर सही निर्णय लेना, ये सब समय का सारथी बनने के ही गुण हैं। जो व्यक्ति समय का सारथी बनता है वही जीवन को सही दिशा में आगे बढ़ा सकता है और सफलता को प्राप्त कर सकता है। महात्मा गांधी, डॉ. ए.पी.जे. अब्दुल कलाम जैसे बड़े-बड़े व्यक्ति समय के सारथी के अद्भुत उदाहरण हैं। महात्मा गांधी ने भारत की स्वतंत्रता के समय सारथी महत्वपूर्ण कार्य किया। उन्होंने समाज में फैले अत्याचार व परतंत्रता के खिलाफ आवाज उठाई व उस समय आजादी के मूल्य को पहचान कर सत्य व अहिंसा के मार्ग पर चलते हुए आंदोलन किए। इसी कारण ये उस युग में समय के सारथी बने। वैसे ही हमारे समाज में बहुत से व्यक्ति हुए, जिन्होंने समय आने पर सारथी की भूमिका निभाई है। लेकिन आज का व्यक्ति धीरे-धीरे समय के महत्व को भूलता जा रहा है। वह अपने आज के कार्य कल पर छोड़ने की आदत को अपनाता जा रहा है, जो हमारे व समाज दोनों के लिए उचित नहीं है। आज हर विद्यार्थी को समय का सारथी बनना चाहिए। जो विद्यार्थी समय का सारथी बनना चाहते हैं वे समय का सही उपयोग कर अपने भविष्य को संवार सकते हैं। समय का सारथी बनने वाले विद्यार्थी को नियमित अध्ययन करना चाहिए। अपने समय का प्रबंधन समय सारणी बनाकर करना चाहिए तथा अपनी ऊर्जा को उचित कार्य को करने में लगानी चाहिए। तभी वह अपने लक्ष्य तक पहुँच सकेगा व अपने सपनों को साकार कर पाएगा। अतः समय का सारथी बनने से व्यक्ति न केवल अपने जीवन में सफलता प्राप्त कर पाता है, अपितु समाज में भी सकारात्मक बदलाव ला सकता है।

# शिक्षा का महत्व

शिक्षा मानव विकास की मूलभूत आवश्यकता है। शिक्षा द्वारा ही मानव अपने मानसिक, सामाजिक, आध्यात्मिक व भावनात्मक विकास को सँवारता है। शिक्षा हमें ज्ञान और समझ का आधार प्रदान करती है। शिक्षा सभी के जीवन में आगे बढ़ने तथा सफलता पाने के लिए बहुत आवश्यक है। इसी के द्वारा हम जीवन के कठिन समय में चुनौतियों का सामना कर सकते हैं। घर शिक्षा प्राप्त करने वाला पहला स्थान होता है और सर्वप्रथम अभिभावक को पहला शिक्षक बनना होता है। हम शिक्षा का पहला पाठ माँ द्वारा सीखते हैं। कहते हैं माँ ही बच्चे की प्रथम पाठशाला होती है। शिक्षा विद्यार्थी जीवन की दशा तय करने में अहम् भूमिका निभाती है। आज के समय में शिक्षा के बिना कुछ भी कर पाना संभव नहीं है। एक शिक्षित व्यक्ति अपने जीवन को तो बेहतर बनाएगा ही साथ ही पूरे परिवार को अच्छा जीवन दे सकता है। चूँकि शिक्षा के बिना हमारा जीवन पशु के समान है। यह न केवल हमें सफल होने के लिए मंच प्रदान करती है बल्कि सामाजिक आचरण, शक्ति, उत्तम चरित्र तथा आत्मसम्मान भी देती है। शिक्षा का उद्देश्य केवल परीक्षा में अच्छे अंक प्राप्त करना नहीं होता बल्कि शिक्षा के माध्यम से नई चीजों सीखने के साथ अपने ज्ञान में वृद्धि भी की जा सकती है।

अच्छी नैतिकता व शिक्षा देने में शिक्षक की भी अहम भूमिका होती है। इसके लिए शिक्षकों को ललक रखनी चाहिए और उन्हें अपने कौशल में सुधार करते रहना चाहिए। शिक्षकों को यह समझना अनिवार्य है कि, उनकी सफलता सिर्फ कुछ बच्चों के अच्छे नतीजे लाने में नहीं बल्कि प्रत्येक बच्चे को सीखने सिखाने में मदद करना है। शिक्षक को विद्यार्थी के जीवन के हर पहलू को समझकर उसी के अनुसार उन्हें शिक्षित करना चाहिए। शिक्षक न सिर्फ बच्चों से विश्वसनीय संबंध बनाए बल्कि उनके अभिभावकों से भी प्रभावी संबंध रखे।

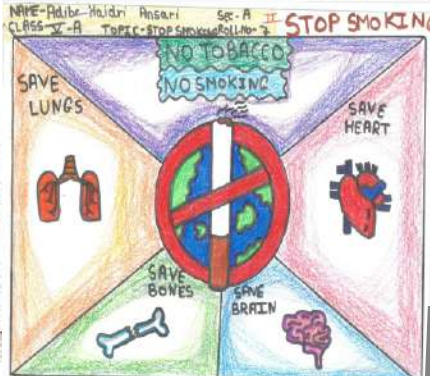

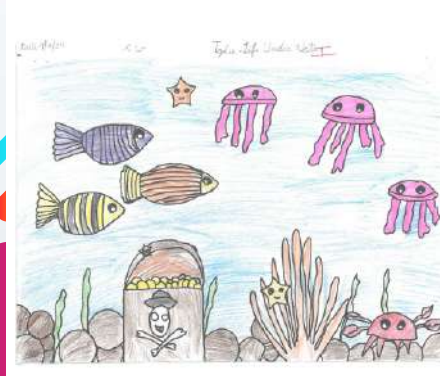

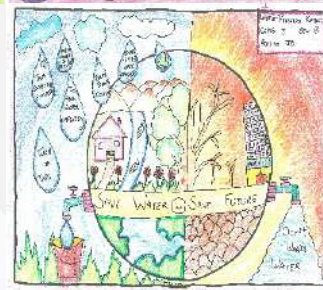

सरोज भटनागर  
अध्यापिका ( हिन्दी )

शिक्षा के क्षेत्र में केवल विद्यालय ही वह स्थान है जहाँ बच्चों का शारीरिक, मानसिक, बौद्धिक और नैतिक विकास होता है। एक आदर्श शिक्षक ही विद्यार्थी का सर्वांगीण विकास कर सकता है।

सच ही कहा है।  
घर-घर अलख जगाएँगे  
साक्षर हर व्यक्ति को बनाएंगे
